September 2, 2016, letter from the Prospective Petition to recall
Grant W. Knoll, District Director of Division - Third

Dear Mr. Chapman:

This letter is in reference to the above and to notify you of the official findings regarding the validity of the petition.

After processing the prospective petition and verifying the additional required number of signatures, it is determined the prospective petition now contains a sufficient number of valid signatures from electors of the Klamath Irrigation District to warrant a special recall election.

After verification, the prospective petition contained a total of 16 valid signatures, which is more than the 15 signatures required.

The breakdown is as follows by a number of persons who are qualified to vote in the district, that is equal to but not less than the lesser of fifteen percent of the persons who are qualified to vote in the district, or subdivision of the district from which the district officer was elected: 97 weighted votes; 24 is the number of signatures submitted; 16 accepted and 8 rejected.

Since the prospective petition now includes a sufficient number of valid signatures, Grant W. Knoll will have until Monday, October 3, 2016, to submit a written resignation or a Statement of Justification. If no Statement of Justification is received the special recall election will be held on Monday, November 7, 2016.

If you have any questions, please contact me at (541) 882-6661.

Sincerely,

Linda Seater
Office Manager
